

#### Short Description of Program:

Everyone loves a celebration. Why not include some light education and a story-sharing event with someone special? Well, yes, bring your “+ one”; however, we use our Dinner with a Winner event to honor someone from your backyard! That’s right, such as a noted prosocial advocate, someone with a ‘survivor to thriver’ story, a community activist who fits our mission, or someone our partners and sponsors nominate. We feed the room, have our honoree tell their story (or let us help them if they are stage-shy), gift them an honorarium, and interject some basic ideology from our core mission. “DWAU” is the perfect event for a date night or to gift someone you know needs an uplift with one of our scholarship packages. Won’t you join us for a memorable event?
